One candidate will be chosen for each position proposed and appointed for the academic year of reference only.
The University of Turin will inform the selected candidates about the publication of the results of the selection sending an email to the address specified in the application form. However, the email is meant for information purpose only. Candidates are therefore requested to check by themselves the results on the University website.

CONTRACTUAL ARRANGEMENTS
Visiting teaching positions will be assigned under a contract for independent work. To such contracts the same tax treatment of continuous and coordinated collaboration contracts (short-term consultancy contracts) regulated by Italian law will be applied.
Appointed Visiting Professors are requested to inform replying by e-mail to **visitingprofessor@unito.it** whether they can accept the professorship. The Human Resources Office of the University of Turin will then formally issue the work contract and send it via e-mail to the appointed Visiting Professor. The original copy of the signed contract must be returned to Sezione Contratti, Didattica e Ricerca, according to the terms of delivery agreed with the office, within 15 days from receipt of the communication and in any case before the beginning of the course. The contract must be returned to the following address: Università degli Studi di Torino – Direzione Personale – Sezione Contratti Didattica e Ricerca – Via Po n. 31 – 4th floor, Room 436 - 10124 TORINO Italy.

If the appointed visiting professor holds a certified digital signature, after agreeing the procedures with the administrative contact, he/she can proceed with digitally signing the contract.

Once the contract has been signed, the candidate becomes a Visiting Professor at the University of Turin for the whole period of activity in the academic year of reference. The Visiting Professor must not hold teaching/research positions at any other Italian University or Public Administration during this period and must not be bound to an exclusive contract with his/her own institution.
Planning their visit, non-EU citizens must take into account the timing requested for visa procedures (for details please check **https://vistoperitalia.esteri.it/?lang=en_US** or contact **visitingprofessor@unito.it**)

The selected Visiting Professor will carry out teaching activities on-site at the University of Turin.

Distance learning may only be allowed, subject to the approval of the scientific coordinator, in case of serious and proven impediments of a medical-health nature or arising from geopolitical and humanitarian crises. In the case of distance learning, the total gross compensation received will be reduced by 30%.

The Visiting Professor is subject to the conduct obligations set forth by D.P.R. No. 62 of April 16, 2013, insofar as they are compatible; any violation of these obligations constitutes grounds for termination of the contract or the dissolution of the employment relationship.
