**Duration and financial support**

The **minimum duration** of the mobility period is **3 months (90 days)** or 1 academic term or trimester. The total duration of the mobility period shall not exceed 12 months, including any zero-grant period, which shall only be used exceptionally.

In any case, the mobility period shall be concluded within the following deadlines:
- **31/07/2018** for **Call 2016** projects;
- **31/07/2019** for **Call 2017** projects.

For more details please contact **internationalexchange@unito.it**

The financial support from Erasmus+ EU funds for the mobility period corresponds to **€ 850,00 per month (€ 28,33 per day)**. The final amount of Erasmus+ EU funds for the mobility period shall be determined by multiplying the number of months of the mobility covered by Erasmus+ EU funds. In the case of incomplete months, the financial support from Erasmus+ EU funds is calculated by multiplying the number of days in the incomplete month with 1/30 of the unit cost per month.

For instance:
- **Mobility period from 16/10/2017 to 02/03/2018** with **€ 850 per month scholarship**
- **You have to calculate in this way:**
  - 15 days in October (from 16/10 to 30/10) + 30 days x 4 complete month (November – December – January - February) + 2 days of March
  - Total amount of days = 15 + (30 x 4) + 2 = 137
  - 850,00 / 30 x 137 = € 3.881,67

Anyway, with respect to the minimum duration required (3 months - 90 days), in case of reduction to a maximum of 5 days from the foreseen mobility period (as stated in the Grant Agreement), the mobility period will be consider as completely realized.

For instance:
- **Scholarship amount: € 850 per month**
- **Foreseen mobility period: 5 months (150 days)**
- **Realized mobility period: from 05/09/2016 to 02/02/2017**
- **Total amount of days: 148 (150 – 148 = 2 < 5)**
- **You have to calculate in this way:** 850,00 / 30 x 150 = € 4.250,00

We suggest you to use the **Erasmus+ National Agency Calculator**: this is a very useful tool you can use to check the correctness of your mobility period.

In addition, the participant shall receive a **contribution for travel** according to **EU Commission distance band**: [http://ec.europa.eu/programmes/erasmus-plus/resources_en#tab-1-4](http://ec.europa.eu/programmes/erasmus-plus/resources_en#tab-1-4)

DURING THE MOBILITY

- **Career plan and exams**

  In order to take exams at the University of Turin, you must fill in the online Career plan filling with all the subjects included in your Learning Agreement.

  ➔ **How to fill in the Career plan for incoming students**

  To take exams, you will also have to apply online for the specific date of the exam you want to take ("appello").

  ➔ **How to register for exams (Appelli)**

  ➔ **Specific guidelines about courses and exams for incoming students**

  Application for exams and online registration of marks are **compulsory** to have your final Transcript of Records with all the exams.

  **Only** Italian language courses for incoming students should **not be included** in the Career plan and they also need no application for the exam ("appello"); they will be included in the Transcript of records directly by the International Mobility Office.
Procedure for exams

In order to take exams at the University of Torino, the following steps are **COMPULSORY** for each exam:

1) Filling in the online career plan (**PIANO CARRIERA**) according to the approved Learning Agreement.
2) Online application for the exams (**APPELLI**) using the proper procedure.

In case students face any technical problems in applying for exams, they have to promptly inform International Mobility Office (**internationalexchange@unito.it**).

**WARNING:** fixed short period to book the exams! Please carefully check the exams booking period!

Online mark registration

At the University of Torino the grades of the exams can be either accepted or rejected. In particular, regarding oral exams, students can directly inform Professors about the acceptance or the rejection of the grade.

On the contrary, in case of written exams, an automatic acceptance is scheduled; students can however refuse the grade by accessing the ONLINE procedure within a short period established by Professors (usually 5 days). In this case an automatic email will be sent to students’ Unito email address (**user@edu.unito.it**) in order to accept/reject the grade.

**WARNING:** fixed short period to accept/reject the grade! Please carefully check the specific time windows when exams grades can be rejected!

- **Extension of the mobility period**

Students who want to extend their mobility period at the University of Torino **have to be authorized** by both the Italian professor in charge of the bilateral agreement and by their home University. Extension requests can be authorized just in **exceptional cases**.

Extension requests, in fact, are mandatory to be able to take exams after the official ending of the Erasmus/International mobility period, this is to say beyond the number of months fixed in the grant agreement and also confirmed in the students’ online application.

Please note that the extension period does NOT automatically imply a scholarship extension: every single request will be evaluated according to the remaining funds for the project. In case of lack of funds, the extension can be authorized without financial support (zero-grant period).

In order to ask for an extension authorization students need to:

- send an extension request via email to **internationalexchange@unito.it** specifying the number of additional months and the new dates of your Erasmus/International mobility,
provide the International Mobility Office with the authorization of the Italian professor in charge of the bilateral agreement and the authorization of your home University by sending an email to internationalexchange@unito.it

Once students have obtained the extension, they can ask for the renewal of the EDISU card by sending an email to internationalexchange@unito.it

Keep in mind that the Erasmus period can last maximum 12 months!

CLOSING OF THE ERASMUS MOBILITY PERIOD

The closing of the mobility period is MANDATORY!

You will receive an invitation to complete the online EU Survey 30 days before the end of your mobility period. You must complete and submit the survey within 15 days upon receipt of the invitation. EU Survey is compulsory: in case of participants who fail to complete and submit the online EU Survey, our Institution will not issue any Transcript of Records.

Moreover, at the end of your Erasmus+ period, before leaving, you MUST send to our office by email (internationalexchange@unito.it):

1. A copy of your EU Survey
2. The list of the exams registered in their Examination record book (“Autocertificazione esami per studenti incoming” available at www.unito.it » MyUnito » Carriera » Certificazioni Carriera).
3. Any final documents of their home University that they need to have signed/stamped by our University.
4. The email address of their Home University where Transcript of Records will be sent to

Closing the mobility period is a compulsory step in order to receive the Transcript of Records, which is the final document of the exchange study period certifying the beginning and ending dates of the mobility period and all the exams taken at UNITO (including the Italian language course). If students’ online Examination record book is complete and includes the grades of all the exams taken during the mobility period, this document will be sent to the students’ home University by email within 5 weeks.
