CALL FOR AWARDING 10 SCHOLARSHIPS “UNITO FOR STUDENTS AT RISK” FOR INTERNATIONAL STUDENTS a.y. 2023-2024

Frequently Asked Questions (FAQ)

1. Can candidates with a foreign qualification enroll at the university?

It is possible to enroll in an Italian university, in an undergraduate degree or a 5-6-year postgraduate degree, if you hold a qualification (secondary school diploma or equivalent) obtained after **12 years of schooling**, providing that this guarantees access, in the foreign educational system of reference, to a degree program equivalent to the Italian one in which the candidate wishes to enroll. In addition, the qualification allows access to an Italian university if obtained after attending at least the last two years in the same foreign education system. If you have obtained a foreign upper secondary school diploma after 11 or 10 overall years of education, this qualification does not allow access to Italian universities unless you integrate the missing year(s).

If a mandatory national entrance exam is required in your country to enroll in university, the same exam may also be required for admission to Italian universities, so make sure you attach it to your online application.

PLEASE NOTE: The evaluation of the foreign qualification (upper secondary school diploma or 1st level university qualification) is **compulsory** and must be carried out by the International Students Office on the Apply@Unito platform.

2. How much tuition fees will I have to pay if I win the scholarship?

Specific categories of students can benefit from a reduction of the due amount of the full-comprehensive contribution.

3. I am eligible for the undergraduate program (3-year program). What do I have to do now?

If you want to enroll in an undergraduate degree program without a restricted quota of places, you must sit the Minimum Requirements Assessment Test (TARM), delivered through the CISIA TOLC.

If you obtain or have already obtained a score lower than the thresholds that will be established, you will still be able to enroll but you will be assigned an Additional Educational Obligation (OFA) defined by each degree program. Check the TOLC required by the degree program you are interested in on the course web page:

<https://en.unito.it/studying-unito/programs/degree-programs>

For enrollment in the academic year 2023-2024 the TOLCs taken from January 2022 to 29th September 2023 are valid. You can take the test at any Italian university available.

1. After taking the test, register on the Unito portal by following the link to the tutorial below:
<https://en.unito.it/services/online-services/help-and-support/portal-registration-instructions>
2. Register for the competition for the undergraduate degree programs chosen by 2nd October 2023, by going to your MyUniTo personal page, following the path "Enrollment" (top left) - "Pre-enrolment for free admission courses" and selecting the corresponding competition.

Based on the course you want to matriculate in and for which you took the TOLC test, **pre-enrol in one of the 5 groups** established by UniTo:
