CALL FOR AWARDING

20 SCHOLARSHIPS “UNITO FOR STUDENTS AT RISK”

FOR INTERNATIONAL STUDENTS a.y. 2022-2023

Frequently Asked Questions (FAQ)

1. Can candidates with a foreign qualification enroll at the university?
   It is possible to enroll in an Italian university, in a undergraduate degree or a 5-6-year postgraduate degree, if you hold a qualification (secondary school diploma or equivalent) obtained after 12 years of schooling, providing that this guarantees access, in the foreign educational system of reference, to a degree program equivalent to the Italian one in which the candidate wishes to enroll. In addition, the qualification allows access to an Italian university if obtained after attending at least the last two years in the same foreign education system. If you have obtained a foreign upper secondary school diploma after 11 or 10 overall years of education, this qualification does not allow access to Italian universities unless you integrate the missing year(s).
   For more information: https://www.unito.it/sites/default/files/required_documents_online_application.pdf.

   PLEASE NOTE: The evaluation of the foreign qualification (upper secondary school diploma or 1st level university qualification) is compulsory and must be carried out by the International Students Office on the Apply@Unito platform.

2. How can I submit my application on Apply@Unito from 1st to 12th September 2022 without paying the application fee of 50 euros?
   The candidate must:

   1. register online at the Apply@UniTo page by choosing the two programs you wish to apply for and follow the instructions in the tutorial available at the page: https://en.unito.it/studying-unito/scholarships-international-students

   2. send an email to internationalstudents@unito.it as soon as you have registered on Apply@Unito with your data and explaining that you intend to apply for this call.

   The office will verify the request and will allow the candidate to continue with the application procedure, exempting them from paying the application fee of 50 euros.
   Candidates DO NOT have to pay the contribution of 50 euros (application fee) automatically requested by the Apply@Unito system. Incorrectly made payments will not be refunded.
3. How much tuition fees will I have to pay if I win the scholarship?

Specific categories of students can benefit from a reduction of the due amount of the full-comprehensive contribution.

Consult the tuition fees regulations for more information (with particular reference to articles 3-3.1-3.2-3.3)

4. I am eligible for the undergraduate/5-6-year postgraduate degree programs. What do I have to do now?

If you want to enroll in an undergraduate degree program or 5-6-year postgraduate degree program without a restricted number of places, you must sit the Minimum Requirements Assessment Test (TARM), delivered through the CISIA TOLC.

If you obtain or have obtained a score lower than the thresholds that will be established, you will still be able to enroll but you will be assigned an Additional Educational Obligation (OFA) defined by each degree program. Check the TOLC required by the degree program you are interested in on the course web page:

https://en.unito.it/studying-unito/programs/degree-programs

For enrollment in the academic year 2022-2023 the TOLCs taken from 1st January 2021 to 5th October 2022 are valid. You can take the test at any Italian university available.

1. After taking the test, register on the Unito portal by following the link to the tutorial below:

   https://en.unito.it/services/online-services/help-and-support/portal-registration-instructions

2. Register for the competition for the undergraduate degree programs/5-6-year postgraduate degree programs chosen from 1st July to 10th October 2022, by going to your MyUniTo personal page, following the path "Enrollment" (top left) - "Pre-enrolment for free admission courses" and selecting the corresponding competition.

   Missing the registration deadline to the UniTo competition will prevent you from enrolling in the chosen degree program.

   Additional information on the OFA will be provided in the upcoming months.

   After registering for the competition, you can proceed with your pre-enrollment. Wait for instructions from the International Students Section.
5. I am eligible for a postgraduate degree program. What do I have to do now?

Wait for instructions from the International Students Office.

6. I have read the call, but some definitions are not clear.

Check the glossary below and if you continue to have doubts, write an email to internationalstudents@unito.it.
