How to sign up for courses

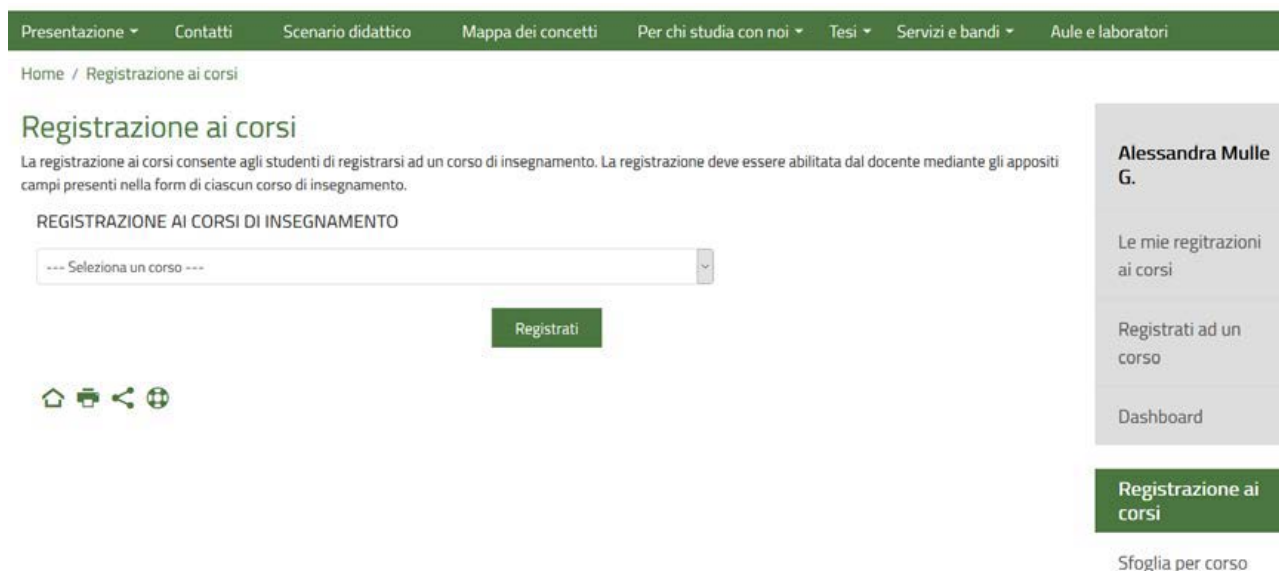

Sometimes you will be asked to sign up for courses as many teachers need to plan ahead when creating groups for lessons or labs and exams, etc. But once you've signed up, you will benefit from a particularly important feature, ie a direct communication channel with the course teacher(s). This means teachers can easily give out course information (ie a lesson or classroom change, seminar, etc.) by sending an email directly to registered students.

If you want to sign up for a course, you must first login into your personal Campusnet profile (using your MyUnito login username and password) via the Department or Degree Course website. Please note that some parts of the website may be shown in Italian- only, so do get familiarised with the Italian terms as well.

To sign up for a course, go to "Didattica" (Programme), "Corsi e moduli" (Courses and modules) and then "Registrati ad un corso" (Sign up for a course).

Choose the course you want to sign up for from the drop-down menu and click on "Registrati" (Sign Up).

Some data may already have been filled in like surname, first name and email address on the following page, but there is room in "Nota" (Notes) for you to put any information which might be useful for the teacher. Click "Salva i dati" (Save data) when you have finished.

You can also sign up for a course you are interested in by clicking on "Registrati al corso" (Sign up for the course) on the course page. If this option is inactive, however, it is because the teacher does not want to make course registration available.

How to see which courses you have signed up for

Go to "Le mie registrazioni ai corsi" (My Courses) under "Corsi e moduli" (Courses and modules) from the "Didattica" (Programme) menu.

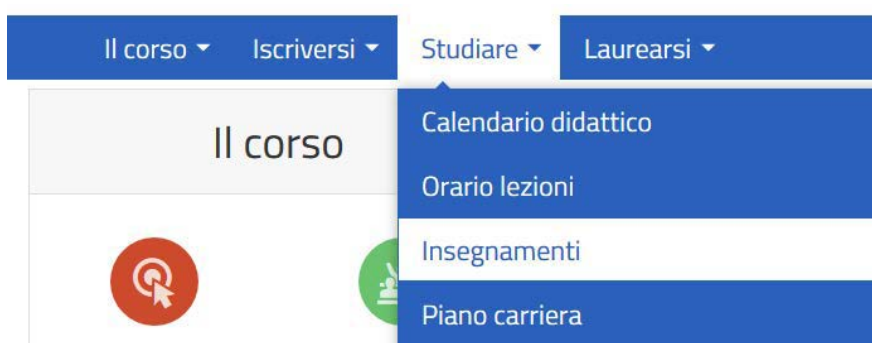

Here you'll see the courses you have signed up for.

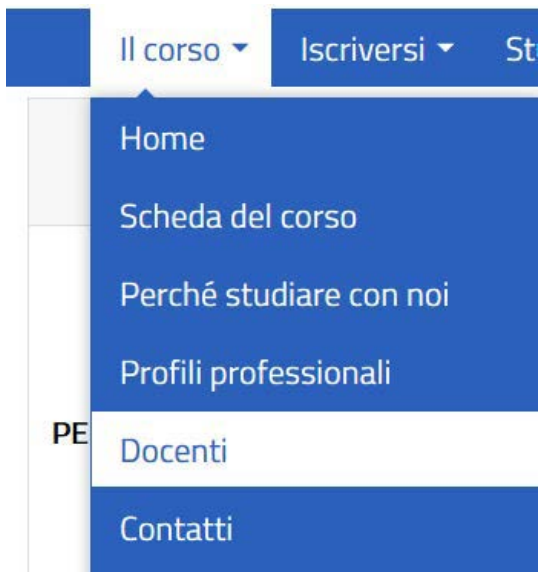

How to see the course material

If you are interested in a particular course's material you can go to that course's web page by either:

A) Selecting "Studiare" (Study) from the navigation bar at the top of the page and then going to "Insegnamenti" (Courses) from the drop-down menu. Choose the course you are interested in from the list.

B) Selecting "Il Corso" (Degree Programme) from the navigation bar at the top of the page and then going to "Docenti" (Teachers) from the drop-down menu.

Choose the teacher of the course you are interested in from this list. Then from the teacher's personal page, just select the course so you can view its material. Now check if the "Materiale didattico" (Course Material) and "Vai a Moodle" (Go to Moodle) icons at the bottom of the page are active.

They are only active if the teacher has made material available. Click on "Materiale didattico" (Course Material) and a list of the documents will appear that the teacher has made available. Click on the file name to open it and see the document.

NB: the teacher may have put large files and multimedia content on the University's e-learning platform Moodle. So check the course page for information about this and if the icon "Vai a Moodle" (Go to Moodle) is active, just click on it to go straight to the material on Moodle.
