| Title of the research project | Social insurances and Welfare States: convergences and social impact in Italy and Spain” from the late 1930s until the mid of the 1950s | | | | |
| Description of the research project | The aim of the project is to carry out a comparative study between social insurances and welfare in Italy and Spain, in a political and social perspective. The Franco Regime inspired its social policies to the Fascist regime. The focus will be on two main points. First, similarities and differences in social policies in the late 1930s. Second, the heritage of the Fascist institutions in post WW2 Italy and parallel developments in Spain | | | | |
| Profile Description | PDF (Postdoctoral fellow) with research experience in social insurances in Spain during the Franco regime | | | | |
| Research objectives | Deepening the theoretical framework of fascism, social insurances and welfare in Italy through bibliography, study of Italian press in the time span of interest, research through archive sources, organization of academic events on the project topic | | | | |
