PART 1

Your exchange at UniTo and the Coronavirus preventive measures

**Please note that the following
information is based on the current
Government guidelines and it is therefore
subject to change**

Your exchange and the Coronavirus preventive measures

The University responsibility:

Our priority at all times is to make sure our University is as safe as possible and minimize the risk to everyone onsite.

- Regularly cleaning our buildings with antiviral disinfectant
- Making more soap and hand sanitizer available
- Implementing social distancing (e.g. reducing the number of people onsite)
- Ensuring our buildings are properly ventilated with a good supply of fresh air

The University will keep you updated with any specific changes to its activities caused by Coronavirus (for example, changes to the delivery of courses). Some changes will need to be made on little or no notice, e.g. as a result of circumstances outside our control or government restrictions.

Your responsibilities:

To help keep yourself and the people around you (including fellow students and staff at the University) safe and to ensure that you are able to benefit from your exchange programme you must:

a) Follow all instructions and rules issued by the University in respect of life on Universities venues.

Information on rules and requirements are available as part of the University's "Coronavirus: updates for UniTO Community" section of our website, which you should familiarise yourself with:

<https://en.unito.it/coronavirus-updates-unito-community>

Your exchange and the Coronavirus preventive measures

Some of these regulations include:

- Register your entry and exit from Unito venues using the My.unito App and QR codes;
- Maintain social distancing of 1-2 metres
- Book your place in lecture halls and classrooms
- Wearing a mask is compulsory in University buildings (and outside!)

Back to UniTo: access to University venues: <https://en.unito.it/coronavirus-updates-unito-community/back-unito-access-university-venues>
