

**"Annex 1" updated on 29<sup>th</sup> May 2020**

**(The updates and the corrections are highlighted in red colour)**

**ANNEX 1**

**CALL FOR PHD POSITIONS – 36<sup>th</sup> Cycle  
PHD PROGRAMME IN EARTH SCIENCES**

<b>PhD Programme Coordinator</b>	Prof. Anna Maria Ferrero
<b>Department</b>	Earth Science
<b>PhD Programme Length</b>	3 years
<b>PhD web site</b>	<a href="http://www.dst.unito.it/do/home.pl/View?doc=pagine_web/info_dottorato.html">http://www.dst.unito.it/do/home.pl/View?doc=pagine_web/info_dottorato.html</a>
<b>Course start date</b>	1 <sup>st</sup> October, 2020
<b>Departments involved in PhD programme</b>	Department of Earth Science

**Positions offered<sup>1</sup> by the PhD Programme**

n. 9 positions with scholarships, of which n. 2 reserved to students with international qualifications	of which: <ul style="list-style-type: none"><li>- 7 scholarships are funded by the University of Torino</li><li>- 2 scholarships are funded by I.N.P.S.<sup>23</sup></li></ul>
n. 2 positions without scholarships	

**CALL FOR PHD POSITIONS**

**Admission procedure**

<sup>1</sup> All additional scholarships and apprenticeship contracts (Legislative Decree no. 81/2015 art.45), which may become available after the publication of this Call, will be announced on the University websites [Dottorati di Ricerca](#) and [PhD](#) until Call's deadline.

<sup>2</sup> As regard with positions with scholarship funded by I.N.P.S. (Istituto Nazionale per la Previdenza Sociale) and linked to specific research topics for XXXVI PhD cycle (a.y. 2020/2021), applicants must comply with the conditions set out in the Article 3 of the Call for Admissions. The annual amount of the I.N.P.S. scholarship is € 15.343,28 (gross amount).

<sup>3</sup> The INPS Piedmont Regional Directorate (Direzione Regionale Piemonte dell'INPS) specifies that: "should your parent be employee of a public body, in order to ascertain their registration to "Gestione unitaria delle prestazioni creditizie e sociali", you must verify whether paycheques include an entry concerning the deduction for "Fondo Gestione Dipendenti Pubblici" with a 0,35% rate.

Assessment of qualifications, research project and interview

**Qualifications to be uploaded on the on-line application**

- Research Project (max 2000 words, bibliography included) written in English by the candidate choosing a title among those listed by the Doctorate
- Publications (max. 3)

<b>Assessment criteria</b>	<b>Maximum score 100 points</b>
<b>Assessment of qualifications:</b>	<b>Maximum score 40 points</b>
<b>Final grade of Laurea/2<sup>nd</sup> cycle degree (or list of examinations taken during the Laurea Triennale/1<sup>st</sup> cycle degree and Magistrale/2<sup>nd</sup> cycle degree for candidates applying under condition):</b> 110L: 15 points 110: 13 points From 100 to 109: up to 11 points < to 99: 0 points  Candidates with international qualifications will be judged on the basis of their <i>curriculum vitae et studiorum</i> , not only upon the final grade.	maximum score 15 points
<b>Publications</b>  Maximum 2 point for each publication  (max 3 publications already published will be assessed)	maximum score 4 points
<b>Other qualifications:</b>  Second/additional Master degree: 4 points  Italian Specializing Master Degree 1 <sup>st</sup> or 2 <sup>nd</sup> level (or equivalent foreign degree) if relevant: 3 points  Any other pertinent specializing courses: 1 point  Scholarship : max 2 points  Prizes: max 2 points	maximum score 4 points

# UNIVERSITÀ DEGLI STUDI DI TORINO

<b>Research Project</b>	<b>maximum score 17 points</b>
<b>Minimum threshold for admission to the interview</b>	<b>20 points</b>
<b>Oral interview</b>	<b>Maximum score 60 points</b>
<b>Minimum threshold for passing the interview</b>	<b>40 points</b>
<b>Further information on examinations:</b>	
Knowledge of the Italian or English language is compulsory.	
Applicants may, on request and upon authorisation of the Examining Board, take the examinations in English or French.	
The <b>research project</b> (written in English choosing a title among those offered by the PhD Programme and uploaded on the application procedure online) must consist of max 2000 words, bibliography included, beside any image and data table and will be discussed during the interview. The candidate should analyse the following points: a) state of art on interested topic; b) targets of the project; c) research plan over the 3 years The Examining Board will evaluate the scientific dimension of the project, its feasibility related to the length of the PhD, target setting and scientific impact of outcomes.	
During the <b>interview</b> , the research project will be discussed.	

**Titoli progetti di ricerca  
Dottorato di Ricerca in SCIENZE DELLA TERRA**

**Titles of research projects  
PhD Programme in EARTH SCIENCE**

	<b>TUTOR</b>	<b>co tutor</b>	<b>TITLE</b>	<b>TITOLO</b>
