**GROW "non  
standard" crops,  
herbs and plant  
cultivations**

**Workshops open for Greece, Italy,  
Poland, Portugal, Slovakia**

Farmers, small entrepreneurs, advanced university students from rural areas, get challenged to revitalize the cultivation of ancient, almost vanished varieties of cereals, medicinal plants and aromatic herb. Deal with digital agriculture, innovative tools and techniques towards a healthier lifestyle and a more conscious-full food culture.
