

## UNIVERSITÀ DEGLI STUDI DI TORINO

Dear student,

The University is beginning to open up to the public again, just one step at a time and very aware of its social distancing commitments.

But for everything to work, we **ALL** need to cooperate and follow a few simple rules. **EVERYONE IS RESPONSIBLE** for their own actions and this is fundamental for our well-being and that of the whole UniTo community.

So, firstly, find out when you have in-person lessons by checking the course website – **even though all lessons will also be available online**. If you are not feeling well or can't go to your lesson, logon to the lesson online and see how the situation evolves.

Here's some useful information for the next few months at UniTo:

1. **Check out the course pages regularly** to see how the teacher gives their lesson (only online; online and in-person).
2. It is always important to be up to date about what is happening at university – but especially now. So **check your university email regularly as well as the Coronavirus section on the unito.it portal and the Courses 2020-2021 section in your MyUnito**.
3. You can access UniTo locations provided you do not have breathing difficulties or that your **body temperature is not over 37.5 degrees Celsius**. If you have had a temperature over the last few days you must stay at home for three days until it goes down and only go to university when the situation stabilises.
4. You must attend classes online if you think you have been in contact with people over the last 14 days who have tested positive.
5. Download the Unito "MyUniTo" app, so you can stay up to date about what is happening at university as well as reporting your presence on university premises. There is a **QRcode at the entrances of UniTo buildings so you can record your presence**. Once you have the app, you won't create queues and everything will be quicker.
6. Signs will help you **keep your distance** and move safely around classrooms and shared spaces (corridors, entrances, near drink machines). **Look for signs when you go into the building and follow the rules**.
7. Use the **Student booking** system on your MyUniTo to **attend the in-person activities**.
8. **You must always wear your mask on Unito premises**.
9. **Sanitise your hands frequently**.
10. **Always keep your distance** when you're going to class or leaving at the end of the lesson; when you're in the corridors or outside the classroom. We know it's difficult, but we need to be patient now so that we can relax again in the future.
11. Once in the classroom, you will see **signs to where you can sit**, so it will be easier for you to keep your distance.
12. Don't blame staff who ask you not to stop and talk to your friends or who won't let you into the classroom if you haven't booked. They are only doing this because they care about your health!

Stay up-to-date by regularly checking the section "[Back to UniTO: access to University venues](#)"
