## **Visiting Professor Program Academic Year 2024/2025**

**TEACHING COMMITMENT:** 12 hours

**COURSE TITLE**

**Cardiovascular Physiology Through Imaging**

**TEACHING PERIOD**

1st term

**SCIENTIFIC AREA**

Cardiovascular physiology

**LANGUAGE USED TO TEACH**

English

**COURSE SUMMARY**

The course delivers the principal insights about the main cardiovascular physiological features to be addressed by imaging techniques.

**LEARNING OBJECTIVES**

At the end of this course, the student will be able to identify the main techniques available to investigate physiological and pathological signs through imaging.

---

### **VISITING PROFESSOR PROFILE**

The candidate must be a researcher with a string background in cardiac and vascular physiology and a documented activity in the field of medical imaging. Priority will be given to MD, PhD.
