

## **Visiting Professor Program Academic Year 2024/2025**

**TEACHING COMMITMENT:** 20 hours

**COURSE TITLE**

**Public Choice and Fiscal Integration**

**TEACHING PERIOD**

1st term

**SCIENTIFIC AREA**

Public Economics

**LANGUAGE USED TO TEACH**

English

**COURSE SUMMARY**

Political Economics: The course will cover general issues related to public policies and the choice of economic policies, specifically related to fiscal policies and taxation. The course will focus in EU integration and fiscal integration within the EU.

Politics and Policies of the European Union: The course will present issues related to the EU Fiscal Union.

**LEARNING OBJECTIVES**

Political Economics: students will achieve knowledge at intermediate level about general theories of public choice and fiscal integration. They will be able to tackle the main issues regarding public intervention through taxation and subsidies.

Politics and Policies of the European Union: students will be familiar with the EU fiscal integration (direct and indirect taxation within member states) and the Stability and Growth Pact.

### **OTHER ACTIVITIES BESIDES THE COURSE**

The Visiting Professor will be asked to present a piece of his/her research (related to the course issues) to the Department Faculty. The seminar(s) will be open to Masters students and to the Department PhD students.

---

### **VISITING PROFESSOR PROFILE**

At least 5 year experience in teaching Public Choice and Public Economics courses. Publication record in topics related to the course content, within well-established international economics journals.
