Visiting Professor Program Academic Year 2025/2026

TEACHING COMMITMENT: 20 hours

COURSE TITLE

Economics of Innovation and Sustainable Development

TEACHING PERIOD

I semester

SCIENTIFIC AREA

Economics

LANGUAGE USED TO TEACH

English

COURSE SUMMARY

The course will provide an overview of the main developments and challenges in economics of science.

LEARNING OBJECTIVES

The course will explore the unique characteristics of the non-market mechanisms that generate incentives to produce scientific knowledge. Furthermore, it will present an overview of the most recent achievements in identifying the determinants of scientists' productivity. Finally, the course will discuss the publication data used in quantitative studies.

OTHER ACTIVITIES BESIDE THE COURSE

VISITING PROFESSOR PROFILE

The Visiting Professor should have a international scientific reputation in the economics of science, and a sound track record on the topic. Memerbishop to international scientific associations and coordination of research projects would be a plus.
