Visiting Professor Program Academic Year 2025/2026

TEACHING COMMITMENT: 12 hours

COURSE TITLE

Teaching 2

TEACHING PERIOD

I semester

SCIENTIFIC AREA

Nursing Science

LANGUAGE USED TO TEACH

English

COURSE SUMMARY

Aims: to provide the skills to define, implement and evaluate educational projects in graduate and post-graduate education, both in the university and in the continuing education system. The course aims to develop the ability to assess the quality of theoretical and practical training, accounting for the aims to be reached and methods, and to develop the ability to coordinate teaching and mentoring activities, and internship functions.

LEARNING OBJECTIVES

Teaching Training 2 aims to:

- develop the ability to define, implement and evaluate educational projects in basic and post-basic training in the business system and the university system;
- develop the ability to define a system of quality training.

OTHER ACTIVITIES BESIDE THE COURSE

Seminars and conferences addressed to PhD students and research fellows

VISITING PROFESSOR PROFILE

The visiting professor should be experienced in Nursing Sciences and University education and hold the position of Professor of Nursing. A special expertise on nursing education and research is required, with the employment of quantitative and qualitative methods. Experience in innovative approaches to teaching and learning is appreciated, especially in mentoring students in research but also skills in knowledge translation workshops involving undergraduate and graduate students, faculty, and instructors. A curriculum in palliative care is particularly appreciated.
